

Police Activity in Jester Farms Subdivision, November 2009-April 2010

NOTES

This map shows the streets that are included in the analysis. Sunrise Rd is not included, as homes do not front on that road.

The data source for this report is the Police Department's Computer-Aided Dispatch (CAD) database; these data are drawn from information police dispatchers enter as calls occur. The primary limitation of these data is that they may not reflect the actual nature of a call or its true final disposition. Some care should be exercised in interpreting the results presented here.

Traffic and animal-related calls are screened from the analysis.

Any questions regarding these results or the report's preparation can be directed to:
